

Recent tasters at Teignmouth Community College

Christmas Mosaic making using recycled materials. Learners undertook the basic steps of designing and creating a mosaic and could progress to a Level 1 certificate in Craft & Design. Learner comments included 'a lovely workshop, well facilitated' and 'a great course, I will look forward to a further course'.

Making Christmas cards out of recycled materials. Learners created cards from recycled materials, learning design, cutting and folding techniques. One learner thought this would be a useful teaching activity in a school where she worked. Progression opportunities include to Creative Crafts – Art & Design and Level 1 certificate in Craft & Design.
