

## The Herb Garden & Identifying Wild Flowers

Learners at Ash Tree Farm, Dartmouth enjoyed these two tasters, learning about identifying, planting and drying herbs together with a field walk to learn about wild flowers, their habitats and use. Progression opportunities include the Certificate in Practical Horticulture at Dartington, South Devon or Bicton Colleges. The RHS also provides distance learning and these workshops can provide a practical element to support the learning process.

Learner comments include:

- Brilliant illuminating talk and interactive very informative and interesting.
- Helpful for my employment as a gardener.
- Extremely useful and informative
